Freshman...

This activity is meant to be simple & easy to construct. It can be pieces of colored paper taped together or poster board or anything that you can use to get your message across to the people to whom you will be presenting.

Your job will be to have it ready for presentation at the first Freshman meeting which will be in September.

Be sure to include your hopes & dreams for your future, where you would like to go to college and what you would like to be doing after you graduate from college.

I look forward to seeing them at the meeting. Please call me at 344-0855 if you have any questions.

Thank you.
